

**ELECTRIC POWER ENGINEERING
CENTRE**

TECHNICAL SYMPOSIUM 2007

In partnership with:

The EPECentre will launch an inaugural Technical Symposium for industry in partnership with the IEEE PES, the NZ EEA and CIGRE on 24 October 2007, in Christchurch, at the University of Canterbury.

EPECentre Technical Symposiums will focus on three topics of interest in the electric power engineering area and will be presented by a number of invited guests.

Programme for EPECentre Technical Symposium 2007:

- **Topic#1 'Wind Energy and Grid Integration'**, Ray Brown, Meridian Energy Limited*
- **Topic#2 'Electric and Hybrid Vehicles'**, Dr. Kaushik Rajashekara, IEEE Distinguished Lecturer, USA**
- **Topic#3 'Fuel Cell Systems'**, Dr. Kaushik Rajashekara, IEEE Distinguished Lecturer, USA**

**Ray Brown is the Transmission Manager for Meridian Energy Limited.*

***IEEE Distinguished Lecturer, Dr. Kaushik Rajashekara is the Senior Technologist for Propulsion & Power Systems Engineering at the Rolls-Royce Corp., USA*

When: 1300 – 1700, Wednesday, 24 October 2007

Venue: Lecture Theatre E1, College of Engineering, University of Canterbury –
afternoon tea will be provided, all welcome....

RSVP by 22 Oct: joseph.lawrence@epecentre.ac.nz
